AMPLIFY PRESENTS

# 107.1 KGSR's BLUES on the GREEN

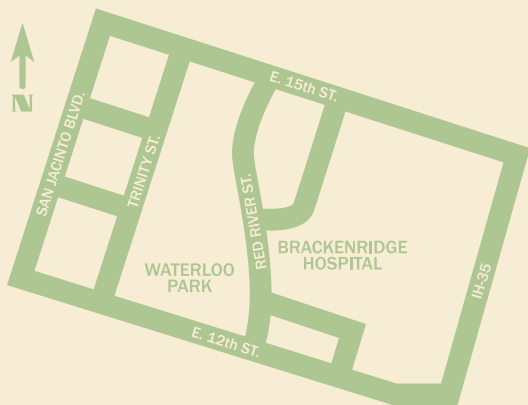

Visit Amplify at Blues on the Green!

Amplify is proud to sponsor Blues on the Green. Check out fantastic live music every other Wednesday this summer at Waterloo Park. The lineup includes Ruthie Foster, Cyril Neville, Marcia Ball and Carolyn Wonderland – and it's all free! For a chance to win VIP passes, text the word blues to 68704. You'll get updates on the shows and chances to win other prizes, too.

This year we're partnering with the Austin Humane Society. Stop by our tent at Blues on the Green to see some of the animals available for adoption, and find out how you can save 15% on the adoption fee. We'll have fun pet activities, as well, and kiddie pools where your furry best friend can cool off.

For more info and dates for Blues on the Green, visit [goamplify.com](http://goamplify.com).

## president's letter

Jobs – and finding them – are a hot topic right now. We have had tremendous response to the Career Fairs organized and presented by Amplify Financial. So far we have hosted two career fairs covering everything from using social media for job hunting to writing a killer resume. If you know someone who is looking for a job, please invite them to our next Career Fair July 6th - 8th.

Another way we are helping people bank less and live more is our robust lending activity. We are helping members fulfill their dreams and doing brisk business in mortgage, real estate and auto loans. We are also pleased to see increased activity in our small business loans. Many financial institutions are shying away from these loans, but at Amplify we are excited about helping qualified entrepreneurs grow their businesses. Small businesses create 60% to 80% of all new jobs in the US. It is especially important to keep that engine running now.

Finally, I want to encourage you to check out Amplify's options for growing your savings. If there's a silver lining in the recent economic downturn, it is that Americans are saving more. Ask any Amplify representative about our savings accounts, money market accounts and share certificates. If your savings plan includes other investments, call Dan Dillard at Amplify Financial for a free, no-obligation consultation.

Amplify will continue looking for ways to give back to our members and the community. We truly appreciate your business and your trust, and thank you for the opportunity to be of service.

*Paul Trylko*

## Where's Your Nearest Amplify Branch?

It's as close as your cell phone. With Mobile Banking, you can do many transactions from your cell phone – check balances, make payments, and even transfer funds between accounts.

Now with Instant Deposit Online, you can even deposit checks from your web-enabled cell phone. Just enter the information and funds show up in your account immediately. Send us the check and deposit slip within seven days and you're ready to use IDO again.

And, you can always log in to Online Banking and set up email alerts for just about anything you need to stay on top of. Either way, Amplify puts you in control of your finances. That's what we mean when we say bank less and live more!

## Auto P.I.

Considering buying a used car? Before you do, get an unbiased inspection from Auto PI. Auto PI is a local business that uses only ASE Certified Master Technicians and Frame Specialists.

Auto PI works for you – not the dealership and not a private seller. Having a professional inspection means you'll uncover odometer discrepancies and mechanical, electrical and frame problems before you buy the car. Auto PI performs a thorough 600-point inspection, and does a title search as well.

Get the peace of mind that comes from knowing a vehicle's current, past, and potential problems before you buy. Auto PI will perform an onsite inspection to discover existing and hidden mechanical and electrical problems, frame & accident damage, flood damage, odometer discrepancies, misuse, abuse, excessive wear and tear and more.

To set up an inspection call Auto PI at 512.454.5999. For more information, visit the Vehicle Buying Resource Center at [goamplify.com](http://goamplify.com).

## results

The Nominating Committee placed two names in nomination for two vacant board positions: Willie Everett and Allen Jensen. In addition to those recommended by the Nominating committee, Members had the opportunity to place other names in nomination by petition. No additional nominations were received. In accordance with the bylaws of the credit union, Willie Everett and Allen Jensen were declared to a term of three years to the Amplify Federal Credit Union Board of Directors by Acclamation and General Consent.

Amplify Financial is sponsoring the third in its series of Career Fairs July 6th – 8th at our Brockton location.

Hundreds of people attended the first two job fairs to get tips on writing a killer resume, salary and compensation negotiation, and designing a strategy for a job search using both traditional and digital networking.

If you're interested in attending the Career Fair, email Victoria Vieira at [victoria.vieira@lpl.com](mailto:victoria.vieira@lpl.com). She'll put you on the email list to receive updates and reminders. The session on the 8th features recruiters looking for qualified candidates, so be sure to bring several copies of your resume.

## member profile ~ rob harbison

Rob Harbison admits he became an Amplify member “by accident”.

“I always buy vehicles from the same dealership,” he says, “and when I asked them who they’d recommend for my auto loan, they referred me to Amplify.” That turned out to be the beginning of what Harbison considers to be “a beautiful relationship”.

Harbison is a long-term resident of the Austin area, and says he’s done business with most major financial institutions. “My experience with Amplify in the past year has been dramatically better than anywhere else,” he says. “The services, the people, the courtesy . . . Amplify is in a class by itself.”

Harbison has been involved in several aspects of the construction business, including excavation, home building, high-end restoration and residential development. Currently he’s working on developing property near Georgetown and turning it into a subdivision. “We’ve made a lot of improvements to the land,” he says. “Right now we have about 40 acres of irrigated, landscaped property.” Harbison purchased the property twenty years ago and raised his family there. Now, he says, with a high school being built nearby and SH 130 just a mile away, the opportunities for development are appealing.

As a business owner, Harbison says he appreciates Amplify’s proactive approach. “Business owners don’t have time to think about all the different options available to them. With Amplify, my representative calls and makes recommendations as to what fits my needs. She takes the time to analyze my situation and offer solutions. That’s outstanding service.”

## Win an iPod with a Greener Way to Pay

No more loan coupons. No more scrambling to find a stamp – and the price of those just keeps going up, anyway! Set up a recurring ACH payment for your loan with Amplify. It’s quick and easy, and you never have to worry about making your payments on time again. And, if you sign up for ACH by July 31st, you’ll be automatically entered to win an iPod! Get more info at [goamplify.com/achcontest](http://goamplify.com/achcontest). Complete the ACH transfer form, then fax it to 512.904.2531 and you’re on your way to banking less!
